

LCCC Financial Aid Satisfactory Academic Progress (SAP) Policy

Federal Department of Education (DOE) mandates the establishment and enforcement of a Satisfactory Academic Progress (SAP) Policy for all institutions participating in federal Title IV aid programs. Federal Title IV aid programs include: Pell, SEOG, Direct Student/Parent Loans, and Work Study. The regulations require the measurement of cumulative GPA, rate of progression, and maximum time frame. A change of program does not reset the SAP calculation. LCCC students are considered to be making SAP if they consistently:

- Maintain a cumulative GPA of at least 2.00.
- Complete 67% of attempted credits.*
- Do not meet or exceed 150% of the program length. For example: 54 credits (Certificate programs) or 105 credits (Associate degree programs).

Attempted credits are any credits for which the student enrolled, whether or not the student received federal financial aid. Attempted credits include withdrawn, incomplete, failed, and repeated courses. Transferred credits accepted by LCCC are included in the 54 and 105 credit hour maximum. The table below illustrates how graded courses impact Financial Aid SAP.

GRADE	Cumulative GPA	Attempted Credit	Completed Credit
A-F	Yes	Yes	Yes
I (incomplete)**	No	Yes	No
Repeats	Highest grade only	Yes	Yes
W	No	Yes	No
Transferred and accepted by LCCC	No	Yes	Yes

**When completed OR the student receives an F grade due to failure to complete the coursework as required, the new grade is used to calculate SAP at the end of the student's next semester of attendance. The updated letter grade is treated per the table above when SAP is recalculated.

Students are monitored for financial aid satisfactory academic progress (SAP) at the end of each semester of attendance. Students who are approaching maximum time frame (36 credits for certificates, 70 credits degrees) and/or have less than 2.00 cumulative GPA and/or have completed less than 66.667% of attempted* credits are given a Warning status. Students with a Warning status are notified by EaglesEye email that they are in danger of losing their financial aid eligibility and what they must do to maintain eligibility. Students are eligible for federal financial aid with a Warning status during their next semester of attendance.

Students with a Warning status who reach or exceed the maximum time frame (54 credits certificates, 105 credits degrees) and/or have less than a 2.00 cumulative GPA and/or have less than a 66.667% completion rate are no longer eligible for federal Title IV financial aid and any financial aid that requires SAP. These students receive a No Longer Eligible (NLE) SAP status. Students are notified via EaglesEye email that they are not eligible for federal financial aid. The email includes information about how to regain eligibility and the appeal process.

Students have the right to appeal their status if they have mitigating or unusual circumstances they believe prevented them from maintaining or achieving SAP. Mitigating circumstances include, but are not limited to: illness, death in the family, family emergency, catastrophic incidences, divorce, births, etc. The student must submit a letter of appeal and all supporting third-party documentation to the Office of Scholarships and Financial Aid for review. Appeals without appropriate third-party documentation (death certificate, hospital bill, etc.) will be denied.

Appeals may be submitted:

IN PERSON: LCCC Student Services Building 106

BY MAIL: LCCC Office of Scholarships and Financial Aid
1400 E. College Drive
Cheyenne WY 82007

BY FAX: 307.432.7875

BY EMAIL: financialaid@lccc.wy.edu

If the appeal is denied, the student may regain financial aid eligibility by meeting the SAP requirements in the student's next semester of attendance. The student will remain on NLE status for future terms until the SAP requirements are met. Students with an NLE status who are also exceeding the maximum time frame credit allowance cannot regain an extension for financial aid eligibility.

If the appeal is approved and it is possible for the student to meet the SAP requirements within one (1) semester of attendance, the student is placed on Probation. Students on Probation are financial aid eligible for one semester. If at the end of the semester the student is not meeting the SAP requirements, the student is given a NLE status and is not eligible for financial aid beginning the next semester of attendance.

If the appeal is approved and it is not possible for the student to meet the SAP requirements within one (1) semester of attendance, the student is placed on Probation with an Academic Plan. Students on Probation with an Academic Plan must meet the requirements outlined in their Academic Plan. Those requirements may include, but are not limited to: specific coursework, specific grades, specific completion rates, repeated courses, limits on number of credits for enrollment, counseling, tutoring, etc. Students who fail to meet SAP at the end of the semester but meet the terms of their Academic Plan will continue on a Probation with an Academic Plan status. Students with a Probation with an Academic Plan status are eligible for financial aid. The student will be monitored at the end of each semester and will be moved to Good Standing if the student meets SAP before the Academic Plan expires. The student will continue on Probation with an Academic Plan for the number of terms included on the Academic Plan until the Academic Plan expires.

Students on Probation with an Academic Plan who fail to meet SAP at the end of the semester AND fail to meet the requirements of their Academic Plan are given an NLE status. Students with an NLE status are not eligible for federal financial aid.

Students may also appeal for an extension due to meeting or extending the maximum time frame. Mitigating circumstances may include changing of the academic program. Student appeal for an extension must include an Academic Plan clearly articulating the student's program requirements to be completed in sequence. If approved, the student will receive an Extension SAP status. Students with an Extension status must adhere strictly to the Academic Plan. Deviation from the Academic Plan will put the student on Maximum Time Frame SAP status and the student will not be eligible for federal Title IV financial aid.

PLEASE NOTE: The Office of Student Financial Aid (OSFA) SAP policy may differ from the academic SAP policy of Laramie County Community College. While a student may be considered in "good standing" with LCCC, they may not necessarily be making Financial Aid SAP.

Questions about the SAP Policy should be directed to the Office of Scholarships and Financial Aid at 307-778.1215.
