5 Albany County Campus

The following report provides point-in-time enrollment data tables and graphs for the group of Albany County Campus Students:

These students are not an exclusive group. Due to this, the behavior of these trends contain partially expressed behaviors seen in other report sections from our partnerships with UW and Albany County service area high schools. Pre-existing categories are unchanged by the addition of this group.

An Albany County Campus (ACC) student is defined as:

*A student who takes an LCCC face-to-face or hybrid class located at the Albany County campus or on the UW campus.

and/or

*A high school student who takes a concurrent, dual or dual-fusion enrollment class at an Albany county high school (Laramie, Whiting, or Rock River High Schools).

These students do not include:

*Entirely online students that live in Albany County (or anywhere else).
