

Employee Development Policy	Policy Number	6.7
	Effective Date	December 3, 2025

1.0 POLICY & PURPOSE

The Board of Trustees recognizes the role of employee development in creating a productive work environment. Through professional development and performance management, the College will provide a work environment that is conducive to employee success.

The College will set clear performance expectations, provide regular feedback, and recognize achievements for employees. The College recognizes the importance of timely constructive feedback in addressing performance issues and promoting improvement.
