E. Nominations

To be considered for emeritus status, candidates must be nominated by an existing member of the LCCC campus community to include current administrators, faculty, staff, students or trustees. Nominations must be submitted by completing the Emeritus Designation Nomination and Application form (attached to this procedure). The form is also available through the Human Resource Office. Human Resources can assist in determining the eligibility of faculty or staff. The Executive Assistant to the President/Board Secretary can assist in determining eligibility of past Trustees.

Completed nomination forms must be routed accordingly per the appropriate process for the individual being proposed for emeritus designation. Each step prior to the President's final approval is a recommendation. Receiving a "do not recommend" at any of these levels does not stop the application from advancing to the President. The President has the right to decide whether or not to advance the application to the Board of Trustees for approval or not. The appropriate processes are as follow.

1) Faculty

Faculty nominations should be first advanced to the appropriate dean of the school for consideration. The application is then advanced to the Senior Vice President of Academic Affairs for consideration. Finally, the application is advanced to the President for final consideration and determination if a recommendation to approve emeritus designation will be advanced to the Board of Trustees.

2) Administrator and Managerial, Professional and Classified Staff

Administrator and Staff nominations will be advanced to the appropriate member of the President's Cabinet (e.g., senior vice president, vice president, or executive director) that has the responsibility for oversight of the area in which the nominee last served. After his/her consideration, the application is then advanced to the President for final consideration and determination if a recommendation to approve emeritus designation will be advanced to the Board of Trustees.

3) Trustee

Trustee nominations will be advanced to the Executive Assistant to the President/Secretary of the Board of Trustees to validate eligibility. If determined eligible per the criteria of this procedure and the Board's Policy 1.2.7, the application will be advanced to the President for consideration. Unlike faculty and staff nominations, the President may make a determination to recommend awarding emeritus status or to not recommend. However, the application for Trustee Emeritus will advance to the Board of Trustees for their consideration and final determination.

F. Final Approval

The Board of Trustees has the final authority over granting emeritus designation.
