III. Guests

- 1) Dr Grey: Faculty Senate Vice President – Met with SGA last semester to start a relationship between Faculty Senate and Student Government due to similar interests in what is focused on. This Semester Faculty Senate has been working on getting more displayed, up to date information about safety across campus to replace older, outdated flyers. Working on updated excused absences policy. Closed programs would not follow new policies.

IV. Public Input & Desk Hours Feedback

- 1) Senator Acknow-Kwaw: Was asked about possibility of getting scooters on campus.
 - Dr. Miller might be best person to talk to.

V. New Senator Interviews

- 1) Beau Corn, Tech and Trades: Works well in group settings, biggest weakness is being very perfectionistic, Strength is being valuable and being able to set differences aside. When put into a situation where someone wasn't putting in the effort, he addressed the truth and told them. Doesn't have much knowledge on SGA but wants to learn and be a voice for Tech and Trade. For time management, he figures out what takes most time to complete and what can be done where. Doesn't like wasting time for others.

Voting Moved by Senator Hodgins, Seconded by Secretary Owens,
Unanimous vote for Beau Corn to be new trade senator.
