## GENERAL COURSE INFORMATION

### Lifelong Learning

Since its inception, Laramie County Community College has provided educational services to varied populations within its service area. Noncredit continuing education courses are offered every semester through Outreach and Workforce Development, which include areas such as life enrichment, leadership and professional development training, career, and technical courses. These courses and programs are designed to stimulate students and improve their quality of life. Some offerings will encourage professional and academic progress and help develop creativity, and others will broaden a person's scope and interests. **For a full list of classes go to [lccc.wy.edu/Community](http://lccc.wy.edu/Community).**

### For information call:

- Life Enrichment . . . . . 307.778.4381
- Career & Technical Workforce . . . . . 307.778.1234
- Eastern Laramie County Outreach Center . . . . . 307.778.4381
- Adult Education . . . . . 307.778.4381

### Accommodations

If you are in need of accommodations for the course you are registered for please contact us at least 30 days prior to the start of class. For a Life Enrichment class call 307.637.2456, for Workforce and Professional Development 307.778.4381.

### Nondiscrimination Statement

Laramie County Community College is committed to providing a safe and nondiscriminatory educational and employment environment. The college does not discriminate on the basis of race, color, national origin, sex, disability, religion, age, veteran status, political affiliation, sexual orientation or other status protected by law. Sexual harassment, including sexual violence, is a form of sex discrimination prohibited by Title IX of the Education Amendments of 1972. The college does not discriminate on the basis of sex in its educational, extracurricular, athletic or other programs or in the context of employment.

The College has a designated person to monitor compliance and to answer any questions regarding the college's non-discrimination policies. Please contact: Title IX and ADA Coordinator, Suite 205, Clay Pathfinder Building, 1400 E. College Drive, Cheyenne, WY 82007, 307.778.1302, TitleIX\_ADA@lccc.wy.edu.

### Errors and Cancellations

This schedule of classes is not a contract, and the college does not assume liability for errors in scheduling. Please inform the college of any errors by calling any of the contact phone numbers listed.

The college reserves the right to cancel any class. The decision to cancel is usually made two business days before the first class meeting, and every effort is made to notify registered students promptly. A full refund is processed automatically unless the student decides to transfer to another class or section of a canceled class. Registering at least two weeks before a class begins helps avoid unnecessary cancellations. In order to ensure class enrollment, students should register with payment no later than two days prior to the start of a class. (Business Training will take enrollments up to the starting date of the course.) Students who wish to drop a class must do so no later than two business days prior to the start of the class.

## Refunds

Class cancelled by LCCC . . . . . 100%  
Withdrawal 2 business days before class begins will be refunded minus a 6% processing fee.

**Icon indicates that class refund policies may differ.**

Withdrawal after refund deadline . . . . . No refund;  
payment required

Pro Rata Refund Policy - For programs state approved for VA payment, see Veterans Information Bulletin for program specifics, to include pro-rata refund requirements.

### Guidelines

- There are a minimum number of people who must be enrolled before a class can be held (this number varies depending on the course).
- The Life Enrichment and Workforce office will notify (to the best of their ability) all students via email for course changes or cancellations.
- Anyone with an idea for a course is welcome to call Life Enrichment at 307.637.2456 or the Workforce and Development office at 307.778.4381
- Students are required to pre-register for their Life Enrichment and Workforce classes. Instructors are unable to accept registrations the day of class.
- Students must attend the section in which they are registered. Students may not attend an alternative section.
- Payment is required at time of registration.
- Please be aware that LCCC does not filter web content and, though they are under supervision, minors will have access to an open internet.
- Student's must be at least 15 years of age or older, unless otherwise stated in class description, to register for a Life Enrichment class.
- All School of Outreach & Workforce Development students must adhere to the LCCC code of conduct, ([www.lccc.wy.edu/life/handbook/index.aspx](http://www.lccc.wy.edu/life/handbook/index.aspx)) while attending classes

### Policy on Children and Guests in Class

Only enrolled students may attend a Life Enrichment or Workforce Training class. Children in attendance must meet the age requirements for enrollment in a class, as well as, be a registered student in the class they are attending.

### Emergency Closure

In the event of inclement weather or any other emergency closure, students are instructed to listen to Cheyenne radio and TV stations for information regarding the cancellation of classes. Tune to the local media outlets as early as 6 a.m. for information or visit [lccc.wy.edu](http://lccc.wy.edu).

### Disclaimer

This schedule of classes, including tuition and fees, is not a contract, and the college does not assume liability for errors in scheduling or financial charges. Please call any discrepancies to the college's attention. Instructors for courses may change from those listed.

## A to Z + Everything in Between

### Driver's Education

The driver's education course is accredited by the Wyoming Department of Education and meets the basic requirements to convert a driver's permit to a license by the Wyoming Department of Transportation. Communication regarding required waivers and scheduling will be sent to the email provided at registration. Attendance for all components of this program is required for a completion certificate to be issued. The course is broken into two segments: classroom instruction and driving evaluation/observation. Students who do not successfully complete the course may be eligible for additional instruction time for a fee.

#### Requirements for Completion:

1. 30 hours of Classroom Instruction:
  - a. Students can enroll in the classroom instruction portion any time after their 14th birthday.
  - b. This course is appropriate for students preparing to take their permit exam or anyone who has their learner's permit.
  - c. This course covers topics such as state driving laws, driver readiness, vehicle operation, basic maintenance and much more.
  - d. A parent/legal guardian must attend the first ½ hour to hour of the first class (for those students under 18)
  - e. Optional simulator time is available for registered driver's education students and can be scheduled by contacting the Life Enrichment office.
2. Driving Evaluation/ Observation:
  - a. 6 hours of driving evaluation can be completed once the student driver has their driving permit and has completed 25 of the required 50 DMV driving hours.
  - b. Proof of hour completion is provided by showing hours logged in the DMV Road Ready app.
  - c. Classroom instruction must be in progress or fully completed before a student can begin their driving evaluation time.
  - d. Students must provide their own licensed and insured vehicle for their in-car evaluation drives 6 hours of in-car observation are completed observing a fellow student driver.
  - e. The observation component can be completed at any time after a student has started their classroom session.

Sessions: 9	\$313	8/4/26-8/22/26	Keith Tast

### Introduction to Close-Up Magic

Do you get caught up on the term "Magic". Yes, we'll be studying card and coin magic (among others), and by the end of the course, you'll be ready to perform a few great tricks. But the study of magic is also a conversation about philosophy, theatre, fiction, and psychology. This course will be beneficial to anyone in business, sales, or any industry where you work with people.

LIFE 2159.600	T, Th	6 PM - 8 PM	HS 311
Sessions: 8	\$212	6/9/26-7/2/26	Dan Jaspersen

### Thinking Like Jesus

The apologetics I am offering is less about thinking about various 'facts' but learning to think differently, better. How one thinks effects everything. The purpose of this class is to challenge people to think more deeply about the presuppositions that control their thought processes. Here is the proposition: Everything that exists is proof of the existence of the biblical God. What thought processes allow or disallow such a thought?

### Wine Appreciation

Looking for a class that's equal parts fun and informative? This beginner-friendly wine course is designed for anyone looking to educate themselves on wine. Each session explores a new theme, from bold reds and crisp whites to sparkling selections and iconic regions like France, Italy, and beyond. You'll pick up the essentials of how wine is grown and made, learn simple tasting techniques, and build the kind of wine vocabulary that makes ordering at a restaurant or choosing a bottle feel effortless. Every class includes a relaxed presentation to walk you through key concepts, plus tastings of 6-8 curated wines that bring the lessons to life. By the end of the course, you'll feel confident navigating wine shops, menus, and conversations. Be prepared to show your state issued ID card the first night of class.

LIFE 2173.600	W	6 PM-8 PM	RAC 206
Sessions: 4	\$200	6/3/26-6/24/26	Alex Gapinski

### Your Health, By Design: The 4 Pillars That Matter Most

This course empowers participants to take practical ownership of their health through four essential pillars: diet, lifestyle, stress management, and movement. Rather than focusing on disease, the course emphasizes simple, sustainable habits that support long-term vitality and resilience. Participants will observe brief demonstrations of applied kinesiology to illustrate how the body responds to everyday choices and gain insight into the fundamentals of creating safe, simple family remedies. The goal is to provide clear, usable tools that help attendees design a healthier life—by choice, not by chance. Be sure to bring paper and pen to take notes.

# DRIVERS ED CLASSES

## Classes Year Round!

REGISTRATION IS OPEN!

Scan the code to learn more or call 307.778.1236

## Basics of Drawing

This is a fun class for those who always wanted to learn to draw! Students will learn basics in shape, form, light, placement, shading and terminology to create the illusion of 3-dimensional space on a 1-dimensional canvas. By the end of the course, students will have completed one composition showcasing the skills learned. A supply list will be provided at the time of registration.

LIFE 2048.600 T 6 PM - 8 PM TC 123  
Sessions: 12 \$120 6/2/26-8/25/26 Pamela Hickman

**NO CLASS JULY 29**

## Handmade Lace

Learn three different disciplines of lace making: Crocheting, Tatting and Knot Lace. Each is a decidedly different style to creating lace for clothing, doilies, shawls, table cloths, etc. During this 15 week class, students will master the techniques to accomplish the goal of three doilies - 1 for each discipline described. Supplies needed for class: Silver Metal Crochet Hooks #3, 8, & 10, One ball of #10 thread (white), One set of basic tatting needles size #3, 5 & 8, and one set of large eyed sharp tipped sewing needles.

LIFE 1994.600 W 6 PM - 8 PM TC 123  
Sessions: 8 \$130 6/3/26-7/29/26 Pamela Hickman

**NO CLASS JULY 22**

## Introduction to Sewing

Discover the joy and confidence that comes from creating with your own hands in this beginner-friendly Introduction to Sewing course. This course is for those who are brand-new to sewing or looking to refresh their foundational skills. We will cover the essential techniques needed to successfully start—and finish—simple sewing projects. The first day of class, we will learn how to read and understand sewing patterns, including interpreting pattern symbols, sizing, and planning an efficient layout on fabric. We'll explore different types of stitches, when to use them, and the fundamentals of operating your sewing machine, from threading the machine and winding a bobbin to adjusting tension and troubleshooting common issues. On the final day of class, you will put your new skills into practice by completing a beginner sewing project that incorporates the core techniques learned on day one. By the end of the course, you'll have both a finished project to take home and the knowledge you need to confidently continue your sewing journey. A list of notions and other supplies will be provided at time of registration. Fabric and zipper for the project on the second day of class will be provided. Students must provide their own sewing machine.

LIFE 2174.600 W 5:30 PM - 8:30 PM HS 111  
Sa 9 AM - 12 PM  
Sessions: 2 \$102 6/24/26-6/27/26 Carol O'Holloran

## Learn the Abcs of Crochet

Learn the basics of crocheting: identifying crochet language, learn to read a pattern and complete an easy crochet project (granny square blanket, basic hat, or scarf). Come away with a sense of accomplishment and a basic project of your own. MATERIALS NEEDED: 1 - H (5.00 mm) hook. Practice yarn and an instruction manual will be provided. Pattern selection and yarn for in-class project will be discussed at the first class.

LIFE 1809.600 Sa 2 PM - 4 PM TC 123  
Sessions: 8 \$135 6/6/26-8/8/26 Pamela Hickman

## The Basics of Hand Pieced Quilting

Learn the process of hand piecing (English paper technique) and hand quilting through creating a sample quilt block. Students will learn how to create a pattern, cut and stitch the quilt pieces together. Following the piecing of the quilt front, the student will learn the process of how to actually quilt the quilt through the selection of backing material, placement of the backing, batting and quilt front together with a basting stitch before placing the quilt in the quilting frame (hoop). Once in the frame, the student will learn how to complete the quilting process by sewing in a running stitch the front, batting and backing together. To finish off the quilt block, the student will learn how to bind the quilt block to finish their project.

LIFE 1960.600 Th 6 PM - 8 PM TC 123  
Sessions: 10 \$139 6/4/26-8/13/26 Pamela Hickman

## Jewelry Studio

The open studio course is for experienced jewelers with advanced skills. This is not an instruction course and students who do not have the necessary skill level will be asked to transfer to the introductory course being offered later in the semester. Students are responsible for providing all components and consumables for their projects. A safety review and test must be passed before students will be cleared for the use of the equipment.

LIFE 2134.600 M, W 6 PM - 8 PM FA 144  
Sessions: 10 \$165 7/8/26-8/12/26 Tracy Duck

## Gardening

### Nativescaping: Demystifying Native Plant Jargon

Do you want to incorporate native plants into your landscaping but are confused by plant terminology like “cultivar”, “nativar”, “near-native”, “naturalized” or simply the term “native”? Then this class is for you! We will demystify native plant jargon so you will be able to identify key information on plant labels and understand the nuances of various native plant terms. We will also explore the differences between “natural” and “native” landscaping. No gardening experience required. Please be brief but descriptive. Description must be between 35-100 words.

LIFE 21790.600 Su 1 PM - 2:30 PM CCI 121  
 \$19 6/7/26 Nancy Loomis

### Nativescaping: Creating a Shortgrass Prairie Ecoscape

This is an introductory class to the native plants of the local shortgrass ecosystem and how to incorporate them into your landscaping. If you want to create a shortgrass prairie micro-scape in pots, a shortgrass prairie garden, trying to bring small acreage back to its native glory or simply want to learn more about the flora of Laramie County's shortgrass prairie then this class is for you! Participants will learn what flora and environmental conditions define the shortgrass prairie, basic resources for identifying plants and where to source plants and seeds. No gardening experience required.

LIFE 2178.600 Su 1 PM - 2:30 PM CCI 123  
 \$19 6/14/26 Nancy Loomis

## Healthcare

### Medicare Basics

Join us for an informative session designed to help you understand the fundamentals of Medicare. Whether you're approaching eligibility or assisting a loved one, this seminar will cover key topics such as enrollment periods, coverage options, costs, and important deadlines. Our goal is to equip you with the knowledge you need to make confident healthcare decisions.

LIFE 1415.600 M 6:30 PM - 8:30 PM CCI 123  
 \$21 7/6/26 Erin LeBlanc

### Understanding Medicare Drug Programs

Navigating Medicare prescription drug coverage can be confusing - but it doesn't have to be. This seminar will break down the essentials of Medicare Part D and other drug coverage options, including how plans work, how to compare costs, and what to watch for with formularies and coverage gaps (the “donut hole”). Learn how to choose a plan that fits your needs and budget and get tips for avoiding common pitfalls. A Q&A session will follow to address your specific concerns.

LIFE 1970.600 M 6:30 PM - 8:30 PM CCI 123  
 \$21 7/13/26 Erin LeBlanc

## Medicare Advantage Plan, Long-term Care Insurance and Medigap Clarified

Understanding your healthcare coverage options is crucial to planning for the future. In this seminar, we'll explain the differences between Medicare Advantage Plans, Long-Term Care Insurance, and Medigap (Medicare Supplement Insurance). You'll learn how each type of coverage works, what benefits they offer, how they fit into overall healthcare planning, and what to consider when choosing the best option for your needs. We'll break down complex terms into clear, practical information to help you make confident, informed decisions. A Q&A session will follow the presentation.

# Adult Basic Education @ LCCC

The Adult Basic Education (ABE) and English as a Second Language (ESL) programs support adult learners in building foundational academic skills and improving English language proficiency. Students in ABE receive instruction in reading, writing, math, and social studies and sit for their HiSET exam upon completion of a student's course work. Students in ESL receive instruction in English language, US culture, and US civics. The programs offer flexible, learner-centered classes designed to meet diverse skill levels and learning needs. Instructors provide supportive guidance to help students gain confidence and progress at their own pace. Graduates leave the program better prepared for employment and/or advanced training.

## Business & Innovation

### Digital Marketing 101

Digital marketing can feel overwhelming - but it doesn't have to be. This class breaks it down into simple steps to help you build a clear, focused marketing plan. Learn how to reach your audience through the right mix of social media, email, and content-no experience required.

BTBE 0200.600	Sa	8 AM - 12 PM	TC 103
	\$100	5/23/26	Maddie Newman

### Intro to Social Media

Want to grow your business through social media marketing but don't know where to start? This beginner-friendly course will walk you through the most popular platforms, what to post, how to plan content, and ways to connect with your audience online. Perfect for local businesses ready to boost their visibility.

BTBE 0201.600	Sa	9 AM - 12 PM	TC 103
	\$100	6/20/26	Maddie Newman

### Canva for Business

Learn how to use Canva, a free and easy design tool, to create eye-catching marketing materials for your business. From social media graphics to flyers and business cards, this hands-on class will show you how to design professional-looking content-even if you're not a graphic designer.

BTBE 0202.600	Sa	9 AM - 12 PM	TC 103
	\$100	7/18/26	Maddie Newman

### Newsletters for Business

Newsletters are one of the best ways to stay connected with customers and grow your business. In this class, you'll learn how to set up a free email marketing platform, design your first email, build your contact list, and send newsletters that people actually want to read.

BTBE 0203.600	Sa	9 AM - 12 PM	TC 103
	\$100	8/8/26	Maddie Newman

### MS Excel Level 1

Rusty or new to Microsoft Excel? In this 7-hour in-person class in our hands-on computer lab, learn to create and format worksheets that contain calculations with formulas and functions, including the importance of using proper reference types. Moving and copying data correctly, manipulating data, chart creation, and various other tips and tricks are also covered. Coursebooks, practice files used during class and dozens of additional test worksheets with solutions are also provided for further practice, or even as templates in your future builds. Gain the confidence to build, repair and upgrade spreadsheets. Participants leave this course with a new or increased love of Excel, a powerful and legendary data tool.

BTCS 0101.600	T	9 AM - 4 PM	TC 103
	\$179	6/16/26	Michael Stephens
BTCS 0101.601	Th	9 AM - 4 PM	TC 103
	\$179	7/30/26	Michael Stephens

### MS Excel Level 2

Feel comfortable with Excel basics but want to advance to an intermediate level? In this 7-hour in-person class in our hands-on computer lab, you'll learn advanced tools for analysis, organization and presentation of more complex data. Practice using more elaborate functions, creating ranges and tables, data validation, conditional formatting and advanced charts. A highlight is learning to wield the popular and powerful feature of PivotTables, a highly effective tool for dynamic data summarization. Coursebooks, practice files used during class and dozens of additional test worksheets with solutions are also provided for further practice, or even as templates in your future builds. Excel 1 is strongly recommended but not required.

BTCS 0102.600	T	9 AM - 4 PM	TC 103
	\$179	6/23/26	Michael Stephens
BTCS 0102.601	Th	9 AM - 4 PM	TC 103
	\$179	8/27/26	Michael Stephens

### MS Excel Level 3

Ready to scale the ladder to Excel Expert heights? In this 7-hour in-person class in our hands-on computer lab, you'll learn about Excel's most powerful and advanced tools for data analysis and presentation. Practice logical and lookup functions, more advanced formulas, arrays, auditing, error-trapping, and the much beloved date, time, text, and other functions. Learn about importing external data via Power Pivot, exporting data, What-If Analysis and automating repetitive tasks with macros. Coursebooks, practice files used during class and dozens of additional test worksheets with solutions are also provided for further practice, or even as templates in your future builds. Excel 1 and 2 are strongly recommended but not required.

BTCS 0103.600	Th	9 AM - 4 PM	TC 103
	\$179	7/2/26	Michael Stephens

### MS Excel PivotTables

Got data? ".sometimes it's hard to know where to start, especially when you have a lot of data." Microsoft PivotTables (PTs) are a legendary Excel feature. Have you ever used them to summarize, analyze, explore, and present your data? They're highly flexible and adjustable with a few mouse clicks. In this 4-hour in-person class, held in our hands-on computer lab, learn about preparing raw data, creating PTs from multiple sources, summarizing, organizing, filtering and formatting PTs, followed by creating, manipulating and formatting their synchronized "sister" PivotCharts. Leave with skills to take your pile of data and feed it into PTs and PCs for useful data analysis. Books provided. While not required, completing Excel Levels 1-3 are recommended to get the most out of this course.

BTCS 0104.600	Th	8 AM - 12 PM	TC 103
	\$119	8/6/26	Michael Stephens

### Excel Power Pivot

Ready to "power-up" and perform more advanced data modeling and analytical capabilities beyond traditional PivotTables? This 4-hour in-person course offers comprehensive instruction in Excel's Power Pivot add-in. Conducted in our hands-on computer lab, you'll gain expertise in Power Pivot's mighty features for processing, transforming, and summarizing large datasets, including utilizing the Power Pivot Data Model. Key topics include navigating the Power Pivot interface, managing data relationships for dynamic reporting, creating calculated fields, columns, and KPIs, applying CUBE functions to access multidimensional database information, and an introduction to DAX date and time functions for advanced time-based calculations. Upon completion, you'll be more equipped to efficiently interpret complex data and deliver informative reports that support sound business decisions. Books provided. Prior completion of Excel Levels 1-3 and PivotTables are highly recommended to get the most out of this course, but not mandatory.

BTCS 0105.600	Th	8 AM - 12 PM	TC 103
	\$119	8/13/26	Michael Stephens

### MS Excel for Accounting

Spending too much on accounting software? Utilize Excel as a cost-effective alternative, as it offers robust features for accounting tasks. In this in-person course, you will learn how to use Excel for basic accounting, financial statements, statement of cash flows, bank reconciliation, payroll register, budgeting, and depreciation schedules. Through guided exercises and real-world scenarios, you will practice applying Excel tools to common accounting challenges. By the end of the course, you will be able to confidently use Excel to support everyday accounting tasks and produce clear, professional results. Basic to intermediate familiarity with Excel is recommended, but no advanced skills are required.

BTCS 0108.600	Th	9 AM - 4 PM	TC 103
	\$179	6/25/26	Bridgette White

### MS 365 Copilot AI Essentials

New to Microsoft 365 Copilot AI? This 4-hour, in-person class held in our hands-on computer lab provides an introduction to Copilot and its integration with Word, Excel, PowerPoint, Outlook, Teams and other apps. Learn how Copilot assists you with streamlining workflows, supporting communication and decision-making. You'll learn the difference between the basic version bundled with Office 365 and the advanced features of the additional cost version, Copilot Studio. Review practical use cases, learn techniques for crafting prompts, and practice using Copilot to summarize documents, generate content, analyze data, and automate tasks. Walk away with the confidence that you're ready to use Copilot to help you at work and home. No prerequisites.

BTCS 0115.600	Th	8 AM - 12 PM	TC 103
	\$119	7/9/26	Michael Stephens

### Google Workspace

Interested in using Google Workspace for personal or business tasks with little prior experience? This 7-hour in-person course covers the essentials of Google Workspace, highlighting differences between Free and Paid versions. You'll participate in hands-on computer lab sessions with the Free Edition's core apps Gmail, Chat, Meet, Docs, Sheets, Slides, Forms, Keep, and Sites. By course end, you'll be able to use Google Workspace for file creation, data organization, communication, and collaboration. Books are included. A Gmail account is required for practice activities.

BTCS 0125.600	Th	9 AM - 4 PM	TC 103
	\$179	6/18/26	Michael Stephens

### QuickBooks Online

This class covers essential skills related to the latest version of Intuit's popular online bookkeeping program. Topics covered include customizing company-level settings, setting up customers, dealing with bank deposits, bank feeds, and reconciliation processes for bank and credit card accounts.

BTCS 0140.600	W, Th	9 AM - 4 PM	TC 103
	\$300	6/3/26	Bridgette White

### Practical Project Management

Join our 4-hour intensive workshop that equips you with essential project management skills. This practical training session guides you through the project life cycle from start to finish. You will leave with practical tools and strategies that help ensure project success.

BTLM 0106.600	T	1 PM - 5 PM	TC 112
	\$119	7/21/26	Maryellen Tast

### Onboarding Playbook

Are your new hires getting off to a slow start? This 1-hour virtual workshop is for managers who want to create a seamless and effective onboarding experience. You'll discuss the key elements of a great onboarding process, learn how to set up new hires for success from day one, and use an onboarding checklist template to build a plan for your next new hire. You'll leave with a structured plan to welcome new team members and a 30-60-90-day checklist you can use to guide their first few months.

BTLM 0108.550	M	1 PM - 2 PM	NET
	\$49	5/18/26	

### Controlling Conflict

Conflict can be an obstacle to organizational success and personal job satisfaction, but when two or more people work together, conflict is almost inevitable. Create a positive working environment where conflict is dealt with maturely and collaboratively by identifying the source of conflict.

BTLM 0126.600	W	8 AM - 12 PM	TC 112
	\$119	6/24/26	Melissa Martin

### Bridges Out of Poverty

The Bridges Out of Poverty workshop increases your understanding of individuals living in a poverty mindset. By analyzing the hidden rules, patterns of behavior and eleven resources, this course helps reduce judgement for best outcomes. Designed for organizations and businesses that interact with individuals in poverty.

BTPD 0100.600	T	1 PM - 5 PM	EEC 211
	\$119	7/14/26	Melissa Martin

### Crucial Conversations

Based on the bestselling "Crucial Conversations" book by Vital Smarts, this course teaches the practice and skills for having difficult conversations. In this two-day training, you will learn how to strengthen relationships and how to resolve intractable problems through conscious use of the techniques taught.

BTPD 0101.600	T, W	8 AM - 5 PM	TC 112
	\$599	8/11/26	Melissa Martin

### Art of Influencing Others

Influencing goes beyond positions of power and encompasses more subtle skills like empathy and active listening; it is rooted in effective communication skills and self-understanding. Learn how to demonstrate authenticity and integrity through your interactions with others and how a strong sense of self-awareness lays the groundwork for mastering the art of influence, leading to improved working relationships and increased opportunities to see your ideas grow.

BTPD 0104.600	Th	8 AM - 12 PM	TC 112
	\$119	8/27/26	Melissa Martin

### Making Effective Decisions

Making decisions during challenging times can be nerve-racking. To help bring calm into your work life, this short class will help increase the speed and quality of your decisions, help you gain the support needed to make your decisions work, build confidence in others of your ability to lead the decision-making process, make major and minor decisions confidently, and create an approach for making major decisions.

BTPD 0106.600	T	1 PM - 5 PM	TC 123
	\$119	7/7/26	Maryellen Tast

### Feedback Advantage

Do you get nervous when it's time to give or receive feedback? You are not alone! This 1-hour virtual workshop is for individual contributors who want to master this essential skill. You will discuss the value of a feedback culture, utilize a simple model for giving constructive feedback, and use a feedback preparation template to apply these concepts to a real-world scenario. Upon conclusion, you will leave with the confidence to both give and receive feedback effectively, including a script you can use to have a more productive conversation.

**Certified Clinical Medical Assisting**

Certified Clinical Medical Assistants perform administrative and certain clinical duties under the direction of a physician in a medical environment. This program focuses instruction on preparing patients for examination, treatment, and diagnostic testing; performing routine laboratory procedures; taking and recording vital signs and medical histories; administering medications as directed by a physician and understanding the cardiac life cycle. Other duties learned will be administrative duties such as scheduling appointments, maintaining medical records, and billing and coding information for insurance purposes. Students who successfully complete the classroom portion will continue to the 80-hour externship experience. Industry accepted background check, drug screening and proof of vaccinations are required for enrollment. Upon successful completion of this program, students would be eligible to sit for the National Healthcareer Association (NHA) Certified Clinical Medical Assistant (CCMA) national examination. One certification exam attempt included in class price. Course schedule is tentative and a final schedule will be provided before the start of classes.
