## FREQUENTLY ASKED QUESTIONS

### What if my student becomes ill or has an accident?

They will be brought to CCI 109 and a parent will be called.

### Where and when do I need to pick-up my student(s)?

Drop-off and pick-up are directly at the student's classroom. Classroom buildings and room numbers can be found in this program guide, in the online registration system, in your receipt and the reminder email sent 2 days prior to the start of SEEK or Camp. Please have only 1 adult family member at drop-off and pick-up.

### Who can pick-up or drop-off my student(s)?

A responsible adult that the student knows well. Students must be signed in and out. Students are unable to meet their ride in the parking lot.

### When does my waiver need to be turned in?

No later than May 31 for all camps and SEEK.

### Can I make payments or register without payment?

No – payment MUST be made in full at the time of registration.

### What if I need to change my student(s) schedule or have questions?

Please call 307.778.1236 or email us at [lifeEnrichment@lccc.wy.edu](mailto:lifeEnrichment@lccc.wy.edu).

### Where do I find lost items?

Items that are labeled with a student's first and last name will be returned directly to the student during the week. Items found following SEEK week or that are not labeled with a first and last name will be brought to the Life Enrichment office in CCI 109. After 30 days they will be discarded.

### Do you provide lunch for student(s)?

Students attending SEEK classes all day and Expedition Unknown must bring a sack lunch each day. No Microwaves or refrigerators will be available. Students attending other Summer Youth Programs all day will have the option to attend the LCSD#1 Free lunch program.

### What if I want to be sure my student is in a specific class with a friend?

Due to Federal Privacy laws we are unable to discuss the schedule of other students.

### What should my student(s) wear?

Students will be active all day long. We highly suggest that they be dressed in comfortable clothing and shoes that will allow them to fully participate in their class. NO FLIP FLOPS.

### Can my student have a cell phone or other electronic device?

Students are welcome to have a cell phone to call home if needed. We do ask students to keep their phones put away during class and lunch time. Tablets or other electronic devices are not permitted.

A young boy with short blonde hair is hiking on a trail. He is wearing a grey Under Armour hoodie, black Under Armour pants, and a red backpack. He is looking towards the camera with a slight smile. The background is a blurred natural setting with green foliage and a dirt path.

# Expedition UNKNOWN

Join us on an adventure as we spend three days on a hiking excursion. During this camp we will cover the basics of hiking safety, simple first aid, and how to be a good steward of public lands. Each day we will set out on a different adventure as we explore beautiful trails in southeast Wyoming. We will visit places like Curt Gowdy State Park and Vedauwoo National Forest. Hikes will be moderate difficulty but hikers will need to be prepared to hike 3-6 miles each day.

Hikers will need to come prepared each day with a water bottle, a backpack with thick comfortable straps (no drawstring bags), good hiking shoes, a brown bag lunch and healthy snacks, sunblock, bug spray, hat, and sandals for when we hike to water.

**JULY 6 - 10**

**10-12 YEAR OLDS**

**9 a.m. - Noon | Age: 10-12 year olds | Cost: \$249/5 days**

Robots aren't just for entertainment anymore. Some are used to assist in surgeries, others can deliver food, clean the grocery store floor independently, help fight forest fires, or even assist in dangerous military and rescue operations. During this week-long robotics camp, we will explore the components of a robot and use science, engineering, technology, and creativity to build our own robots. Then you will have the opportunity to guide the VEX robots through fun challenges. Whether you are an experienced roboticist or not, you are welcome!

**ROBOTICS CAMP**  
7 - 9 YEAR OLDS  
**JULY 6 - 10**  
1 - 4 p.m.  
**Age: 7-9 year olds**  
**Cost: \$249/5 days**

Robots aren't just for movies and games—they help people every day! Some robots assist doctors, deliver food, clean floors, and even help during emergencies. In this fun, week-long summer robotics camp, students will explore what robots are, how they work, and what parts they need to move, sense, and think. Using hands-on robotics kits, kids will design, build, and test their own robots while learning basic science, engineering, and problem-solving skills. No prior experience is needed—just curiosity and a love of building and exploring!

## **SPRING BREAK @ LCCC**

# **MARCH 24-26**

### **ROBOTICS CAMP**

**9:00-NOON- COST: \$150 • GRADES: 5-6**

Robots aren't just from video games and movies—they're real-life helpers, heroes, and problem-solvers! From assisting doctors in surgery to delivering food, cleaning stores, fighting fires, and helping in rescue missions, robots are changing the world every day.

In this hands-on robotics camp, students will discover how robots work from the inside out. Using science, engineering, technology, and plenty of creativity, campers will explore robot parts, solve challenges, and design and build their very own robots. Get ready to invent, experiment, and think like a real robotic engineer!

**MORNING DROP OFF AT 8:45 AM**

### **ENGINEERING EXCITEMENT**

**1:00-4:00 PM COST: \$150.00 • GRADES: 5-6**

Engineers are creative problem-solvers who design things that make our everyday lives easier—and way more fun! From bicycles and race cars to spaceships and roller coasters, engineering is behind many of the amazing things we use and enjoy.

In this hands-on camp, students will use the engineering design process to tackle real-world challenges both big and small. Campers will work together to brainstorm ideas, test solutions, and think outside the box while building, experimenting, and improving their designs. Along the way, we'll explore different types of engineering and discover the many exciting careers engineers can pursue. Get ready to imagine, create, and engineer your way through the week!

**FOR 1/2-DAY STUDENTS DROP OFF AT 12:45 PM DIRECTLY AT THE CLASSROOM.**
